

Phoebe Bridgers - Motion Sickness

Intro: Db tom: Db

[Primeira Parte]

I hate you for what you did
 And I miss you like a little kid
 I faked it every time but that's alright
 I can hardly feel anything
 I hardly feel anything at all

[Segunda Parte]

You gave me fifteen hundred
 To see your hypnotherapist
 I only went one time
 You let it slide
 Fell on hard times a year ago
 Was hoping you would let it go and you did

[Refrão]

I have emotional motion sickness
 Somebody roll the windows down
 There are no words in the English language
 I could scream to drown you out
 (Db)

[Terceira Parte]

I'm on the outside looking through
 You're throwing rocks around your room

And while you're bleeding on your back in the glass
 I'll be glad that I made it out
 And sorry that it all went down like it did

[Refrão]

I have emotional motion sickness
 Somebody roll the windows down
 There are no words in the English language
 I could scream to drown you out

And why do you sing with an English accent
 I guess it's too late to change it now
 You know I'm never gonna let you have it
 But I will try to drown you out

(Ab Bbm Gb)

[Ponte]

You said when you met me you were bored
 You said when you met me you were bored
 And you you were in a band when I was born

[Refrão]

I have emotional motion sickness
 I try to stay clean and live without
 And I want to know what would happen
 If I surrender to the sound
 Surrender to the sound
