

# Phoebe Bridgers - Punisher

tom:  
Capostrate na 6ª casa  
Intro: G Am C

[Primeira Parte]

When the speed kicks in  
I go to the store for nothing  
And walk right by  
The house where you lived with Snow  
White  
I wonder if she ever thought  
The storybook tiles on the roof were  
Too much  
But from the window, it's not a bad  
Show  
If your favorite thing's dianetics or  
Stucco

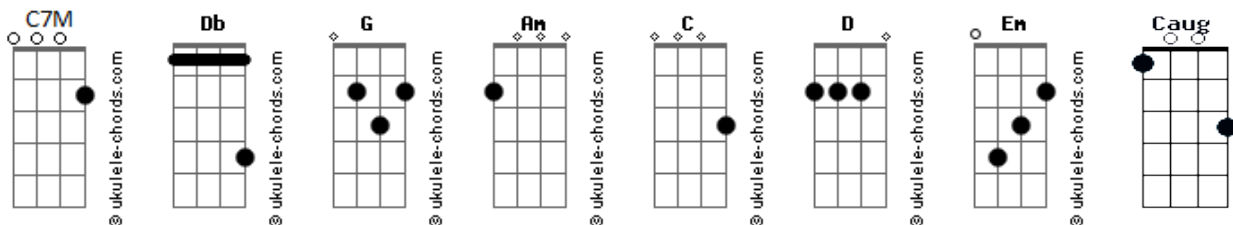

[Pré-Refrão]

The drugstores are open all night  
The only real reason I moved to the  
East side  
I love a good place to hide in plain  
Sight

[Refrão]

What if I told you I feel like I know  
You  
But we never met?

## Acordes

[Segunda Parte]

And here everyone knows you're the way  
To my heart  
Hear so many stories of you at the bar  
Most times alone and some looking your  
Worst  
But never not sweet to the trust funds  
And punishers  
Man, I wish that I could say the same  
I swear I'm not angry, that's just my  
Face

[Pré-Refrão]

A copycat killer with a chemical cut  
Either I'm careless or I wanna get  
Caught  
Who I'm not

[Refrão]

What if I told you I feel like I know  
You  
But we never met?  
It's for the best

[Final]

I can't open my mouth and forget how  
To talk  
'Cause even if I could, wouldn't know  
Where to start  
Wouldn't know when to stop
