

Phoenix - If I Ever Feel Better

Tom: A

(com acordes na forma de G)
 Capotraste na 2ª casa
 Capo 2nd Fret

C **Bm**
 They say an end can be a start
G
 Feels like I've been buried yet I'm still alive
C
 It's like a bad day that never ends

I feel the chaos around me
Bm **Em**
 A thing I don't try to deny
 I'd better learn to accept that
Em **Em** **Em7** **G**
 There are things in my life that I can't control

Am7 **D**
 They say love ain't nothing but a sore
G **G** **Em**
 I don't even know what love is
Am7 **D**
 Too many tears have had to fall
G **G** **Em**
 Don't you know I'm so tired of it all
 I have known terror dizzy spells
 Finding out the secrets words won't tell
 Whatever it is it can't be named
 There's a part of my world that's fading away
 You know I don't want to be clever
 To be brilliant or superior
 True like ice, true like fire
 Now I know that a breeze can blow me away
 Now I know there's much more dignity
 In defeat than in the brightest victory
 I'm losing my balance on the tight rope
 Tell me please, tell me please, tell me please

Am7 **D** **G** **G** **Em**
 If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know

C
 Hang on to the good days
Bm
 I can lean on my friends
G
 They help me going through hard times

C
 But I'm feeding the enemy
Bm
 I'm in league with the foe
Em **Em**
 Blame me for what's happening

Em **Em7** **G**
 I can't try, I can't try, I can't try
Am7 **D** **G** (**G**) **Em**
 No one knows the hard times I went through
 If happiness came I miss the call
 The stormy days ain't over
 I've tried and lost know I think that I pay the cost
 Now I've watched all my castles fall
 They were made of dust, after all
 Someday all this mess will make me laugh
 I can't wait, I can't wait, I can't wait

Am7 **D** **G** (**G**) **Em**
 If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know
 If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know
C **Bm**
 It's like somebody took my place
G

I ain't even playing my own game
 The rules have changed well I didn't know
 There are things in my life I can't control

C **Bm**
 I feel the chaos around me
Em
 A thing I don't try to deny
 I'd better learn to accept that
Em **Em** **Em7** **G**
 There's a part of my life that will go away

Am7 **D** **G**
 Dark is the night, cold is the ground
G **G** **Em**
 In the circular solitude of my heart
 As one who strives a hill to climb
 I am sure I'll come through I don't know how
 They say an end can be a start
 Feels like I've been buried yet I'm still alive
 I'm losing my balance on the tight rope
 Tell me please, tell me please, tell me please
 If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know

If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know

If I ever feel better
 Remind me to spend some good time with you
 You can give me your number
 When it's all over I'll let you know
