Who's the boy you like the most

Static silhouette somehow

Single in his bed someday

Quiet till it falls, falls, falls

Rome, Rome, Rome, Rome

Focus looking forward the colosseum
Oh no! What did I say? What can I say ? **G**
Rome, Rome, many tears have fallen here **A**
I'll be driving you look the other way. **D**

When your shutters are open all the way

Distant silhouette somehow

2000 years remain in a trash can
Let burn the cigarette somewhere
Ashes till it falls, falls, falls
