(verso 1)

Business calls me  
 Trouble down the waterfront  
 You know, i tried to  
 Now i'm running outta lies  
 It's a clear view  
 When all you is gettin' paid  
 No more favors  
 I know what we can do about it

(refrão)

I think i'd better run, run, run, run  
 I think i'd better run, run, run, run  
 You didn't catch me fallin'  
 Fallin' fallin' fallin' fallin'  
 Fallin' fallin' fallin'

(verso 2)

contradictions  
 Get me everything i want  
 I'll let you know  
 But i think it's gonna take a while  
 It's a clear view  
 Noone's waiting at the door  
 A million letters  
 They couldn't make me change my mind

(refrão)

(verso 3)

How you want i to be  
 Sittin' by the waterfront  
 I should be drifting  
 Far enough to reach the shore  
 It's a clear view  
 Don't you underestimate me  
 No more flavors  
 I know i can live whitout it
