

# Picture This - Dream

Tom: G

Verso:

I fell in love four times today but, they don't even know,  
 Cause I just throw my heart away yeah, too shy to say hello.  
 And I adore you from afar like, an angel in the night,  
 And my heart has some battle scars but, I'll be alright.  
 Cause sometimes I walk, when I want to run.

Refrão:

Leave me to the night, and in the morning I'll be alright,  
 Cause I've got my head, and I'll be holding on oh so tight.  
 Leave me to the sun, and when the clouds come, I'll be gone.  
 Oh I'll be gone, oh I'll be gone.

Verso:

I just wanna feel high today yeah, forget about myself,  
 Put my clothes on and fly away yeah, go to someplace else.  
 My mind takes me places that my, legs could never go,  
 My poor heart it races every, time that it's exposed.  
 Sometimes I walk, when I want to run,

I can't seem to talk, or get anything done.

Refrão:

Leave me to the night, and in the morning I'll be alright,  
 Cause I've got my head, and I'll be holding on oh so tight.  
 Leave me to the sun, and when the clouds come, I'll be gone.  
 Oh I'll be gone, oh I'll be gone.

Breakdown:

And I'm gonna find out what it means, Oh to dream more dreams,  
 Feels like I'm bursting at the seams, Oh to dream, oh to dream

Refrão:

Leave me to the night, and in the morning I'll be alright,  
 Cause I've got my head, and I'll be holding on oh so tight.  
 Leave me to the sun, and when the clouds come, I'll be gone.  
 Oh I'll be gone, oh I'll be gone.  
 Oh I'll be done (dream for a dream), oh I'll be done (oh a dream, oh a dream)  
 Oh I'll be done (dream for a dream), oh I'll be done (oh a dream, oh a dream)  
 Oh I'll be done, oh I'll be done

outro: ( G G )
