

Pierce The Veil - One Hundred Sleepless Nights

Tom: Gb

Verso 1:

I can't wait to see your brilliant face
 Light up the room around the pillowcase
 She said, "Can you come over to my LA place
 I got something to tell you and it just can't wait"
 When I showed up you held the door in tears
 Sat on the couch under the chandeliers.
 You said you're having a baby and before I could cry
 You're leaving me just when I thought you were mine.

Pre-Refrão:

But I don't see your face,
 Taken by the one hearted race home now,
 But, don't tell your other man, I got a hell of a plan

Refrão:

Failing lights amass one hundred sleepless nights
 And I might be holding on too tight
 But there is a beast in my heart
 And he won't let you leave alive

Verso 2:

Nightmares no longer wait for sleep
 Crawl on the ground on both your hands and knees
 Just like a lion and you're the queen of the pride

And we will feast together till the bones are dry.

Pre-Refrão:

But I don't see your face,
 Taken by the one hearted race home now,
 But, don't tell your other man, he's not a part of the plan

Refrão:

Failing lights amass one hundred sleepless nights
 And I might be holding on too tight
 But there is a beast in my heart
 And he won't let you leave alive

Ponte:

Do you still love me? I am dying to know.
 Or did you forget what we shared?
 Out of sight out of mind I was never even there

Refrão:

Failing lights amass one hundred sleepless nights
 And I might be holding on too tight
 But there is a beast in my heart
 And he won't let you leave alive

Outro:

This is the price you'll pay
 Thoughts in your head that will never die.
 So don't you forget what we had
 It's like I was never even there
