F Gm Am Gm F

Quando o sol desponta espalha as nuvens

F Gm Am Gm F

E as flores a desabrochar

Am G F7 E7 Am

Sua luz traz vida e traz perfume

Em abril não trará porquê?

As chuvas vem, no mês de abril

Entristecer os corações

D7 Gm

Mas nos caminhos, farão crescer

As violetas que irão

Em maio lindas florescer

No céu só nuvens, iremos ter

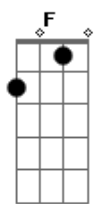

Por isso agora, devemos ver

No céu azul os passarinhos

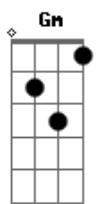

E ouvir esta canção

Até que as chuvas venham em abri
