

Pierre Simões - Mississippi River

Tom: G

Of so many beauties in this vast and immense cosmos
 I quote one that amazes me
 Yeah, there is a river full of life
 So great and so deep
 With an incomparable beauty-
 It is ever present throughout the nation
 And tells so many sad and happy stories
 Over the centuries
 It inspires poets and composers
 Sung in verse and short stories
 In voluptuous songs
 The ancient islanders and historians still remember
 Of the many steamboat races
 They also remember a dangerous killer,
 Slave trader,

A horse thief named John Murrell,
 He had a headquarter on Island 37,
 He was even quoted by Mark Twain,
 And if you want to know more of these gorgeous stories
 Just reach the river's edge and admire it with respect
 Mississippi River
 Father of Waters
 I am in your presence again
 Mississippi River
 Body of a nation
 I always miss seeing you
 As ever, it is charming.
 Old River full of legends and tales
 Brings full life and happiness
 Hail! Great Old Man River, Hail!
