

# Pillar - Will You Be There

Tom: A

Verse 1:

**Gbm**  
Tell me when it's over  
**D**  
Never thought we'd be here  
**A** **E**  
Moments passing by, I'm losing you  
**Gbm**  
So much that I never knew  
**D**  
I couldn't bring it out of you  
**A** **E**  
Caught up in the history, it won't let you go

Go ...

**Gbm** **D** **A** **E**  
When the sun comes up tomorrow  
**Gbm**  
Will you be there?  
**D** **A** **E**  
Will you be there?  
**Gbm** **D** **A** **E**  
If I fade away tomorrow  
**Gbm**

Will you be there?

**D** **A** **E**  
Will you stay here?

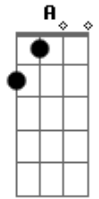

**Gbm**  
Tell me it's not over  
**D**  
I can't see it anymore  
**A** **E**  
All the love is passing by, I'm losing you  
**Gbm**  
Of all the things I ever said  
**D**  
Never meant so much regret  
**A** **E**  
Hard to see the future if the past is in the way

Can we find a way?

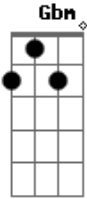

(Chorus)

**Gbm**  
There is just one thing about you  
**D**  
It's I just can't live without you  
**A** **E**  
So I'll just keep holding on. [x2]
