

Pillar - Will You Be There

```
Tom: A
  Verse 1:
Tell me when it's over
Never thought we'd be here
Moments passing by, I'm losing you
So much that I never knew
I couldn't bring it out of you
Caught up in the history, it won't let you go
Go ...
Gbm
        D
When the sun comes up tomorrow
            Gbm
Will you be there?
            Α
Will you be there?
         D A
If I fade away tomorrow
```

```
Will you be there?

D A E
Will you stay here?

Gbm

Tell me it's not over
D
I can't see it anymore
A E
All the love is passing by, I'm losing you
Gbm
Of all the things I ever said
D
Never meant so much regret
A E
Hard to see the future if the past is in the way
Can we find a way?

(Chorus)

There is just one thing about you
D
It's I just can't live without you

So I'll just keep holding on. [x2]
