

Pink Floyd - Apples and oranges

Tom: G

(G,A,C,D)

Got a flip-top pack of cigarettes in her pocket, feeling
 Good at the top, shopping in sharp shoes,
 Walking in the sunshine town feeling very cool
 But the butchers and the bakers in the supermarket stores
 getting
 Everything she wants from the supermarket store (more more
 more)
 Apples and oranges, apples and oranges
 Cornering meekly she trips up sweetly to meet the people,
 She's on time again -- and then
 I catch her by the eye, then I stop and have to think,
 "What a funny thing to do 'cos I'm feeling very pink" (pink
 pink)
 Apples and oranges, apples and oranges
 Apples and oranges, apples and oranges

I love she, she loves me

Gbm Eb D G

See you, see you, see you...

G

Apples and oranges, apples and oranges [falsetto voice]

(G... G, D)

Thought you might like to know
 I'm the lorry driver man, she's on the run
 Down by the river side feeding sucks by the
 Afternoon tide (quack quack quack)
 Apples and oranges, apples and oranges
 Doo da duh duh duh duh duh... [etc]

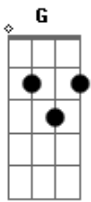

[Guitar feedback]

(Playful senseless mutter)
