

Pink Floyd - Seabirds

Tom: E

^E
Mighty waves come crashing down

The spray is lashing high into the eagle's eye

^D
Shrieking as it cuts the devil wind, is calling sailors to the deep

^{A B D A}
But I can hear the sound of seabirds in my ear

^{B D A}
And I can see you smile

^E
Surf is high an' the sea is awash

^D
An' a haze of candy floss, glitter and beads

Rock that we sat on and watched in the sun

That was hot to touch

^D
And the sea was emerald green

^{A B D A}
I can hear the sound of seabirds in my ear

^{B D A}
And I can see you smile

^E
Surf comes rushing up the beach

Now will it reach the castle wall and will it fall

Catfish dappled silver flashing

^D
Dogfish puffing bubbles in my deep

Acordes
