D G D
Would you like to say something before you leave?

G D
Perhaps you'd care to state exactly how you feel.

G D
We say goodbye before we've said hello.

A G D
I hardly even like you. I shouldn't care at all.

A G D
We met just six hours ago. The music was too loud.

A G D
From your bed I came today and lost a bloody year.

A G Bm7
And I would like to know, how do you feel?

F

Not a single word was said. They lied still without fears.

G D
Occasionally you showed a smile, but what was the need?

G D
I felt the cold far too soon in a wind of ninety-five.

A G D
My friends are lying in the sun, I wish that I was there.

A G D
Tomorrow brings another town, another girl like you.

A G D A
Have your time before you leave to greet another man just to let me know,

Bm7
How do you feel?
