

Pink Guy - We Fall Again

Tom: G

We fall again, we fall again
 We fall again
 We fall again (Slow down)
 We fall again, we fall again
 We fall again (Ooooooh)
 We fall again
 When you turn around, I lose vision
 Got me running deep in the superstition, and I
 Can't believe my fucking eyes
 Yet a thousand years, I never thought I would see you come

from beneath me
 I feel like falling
 I feel like falling
 We fall again, we fall again (Yeah)
 We fall again (Ooooooh)
 We fall again
 When you turn around, I lose vision (We)
 Got me running deep
 Fall again, we fall again
 We fall again
 We fall again
