

# Pink - Barbies

Tom: C

**C**  
Another day, another sin  
Another day, I'm late again

**Am**  
Oh, just like that my money's spent  
Where did it all go?

**C**  
Another night, another heart  
Another one leaves in the dark

**Am**  
And I'm searching for my counterpart  
Where did they all go?

**C**  
And I lock every single door  
And I look behind me even more

**Am**  
Now turned into someone that I swore  
I would never be

**F** **Am G** **F**  
I wish I could go back to playing Barbies in my room  
They never say that you gotta grow up, quite this soon

**Am**  
How fast things change

**G** **F**  
And now I'm here, and all I wanna do  
Is go back to playing Barbies in my room **Am G**

**C**  
And I see it on my father's face  
Another line that comes with age

**Am**  
I know that time will have its way  
Where did it all go?

**C**  
They say that things were simple then  
Although I don't remember when

**Am**  
I wanna know what happens next  
Where do we all go?

**C**  
And I lock every single door  
And I look behind me even more

**Am**  
And now turned into someone that I swore  
I would never be

**F** **Am G** **F**  
Oh, I wish I could go back to playing Barbies in my room  
They never say that you gotta grow up, quite this soon

**Am**  
How fast things change

**G** **F**  
And now I'm here, and all I wanna do  
Is go back to playing Barbies in my room **Am G**

**Dm** **Am**  
Pink canopies and grass-stained knees

**C**  
Putting fireflies in a jar

**G**  
Getting home before it's dark

**Dm** **Am**  
Scotch-taping posters on my wall

**C**  
Rolling Pixie Sticks to smoke

**G**  
Couldn't wait 'til I was older

**F** **Am G** **F**  
And I wish I could go back to playing Barbies in my room  
They never say that you gotta grow up, quite this soon

**Am**  
How fast things change

**G** **F**  
But now I'm here, and all I wanna do

**Am**  
Is go back to playing Barbies in my room

**G**  
Back to playing Barbies

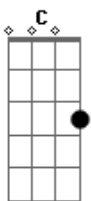

**F**  
Oh, I wish that I could go back

**Am** **G**  
I wish that I could go back

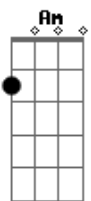

**F**  
I wish that I could go back

**Am G** **F**  
Back to playing Barbies in my room
