

Pink - Centerfold

Tom: D

[Gbm A D]

Can you turn it up just a tiny bit? That'd be awesome!

I'm on the rebound
 I get it where I want to
 I'm on the way down
 I'm getting fixed without you
 You gave me a band-aid
 I put it on my heartbreak
 And all you got is pictures in your hand

[Chorus]
 Don't you wish you could hold
 The angel in he centerfold?
 The fantasy you couldn't control
 Who walked away from you
 Don't you wish that you could hold
 The pretty little paper doll?
 The one you couldn't quite control
 Who walked away from you

Flip to me, I'm the centerfold
 I'm gonna charm you all night
 Stick to me, I'm the centerfold
 We're gonna go, oh, hold tight

I'm gonna hate you
 'Till I forget you
 So here's a keepsake
 I left it in the bathroom
 Just a little something..
 Something to remind you:
 The joy you'll never get this close again!

[Chorus]

Flip to me, I'm the centerfold
 I'm gonna charm you all night
 Stick to me, I'm the centerfold 2x
 We're gonna go, oh, hold tight

Now it's him but it coulda been you
 Tell me why it's him when it shoulda been you
 It's crazy how this makes you wanna change
 Here's an image you won't forget
 All your life I'll tease, I'll torment
 I'll be gone as soon as you turn the page

[Chorus]

Flip to me, I'm the centerfold
 I'm gonna charm you all night
 Stick to me, I'm the centerfold
 We're gonna go, oh, hold tight
