

# Pink - Lonely Girl

Tom: G

G  
I can remember the very first time I cried  
EM  
How I wiped my eyes and buried the pain inside  
G  
All of my memories - good and bad - that's past  
Em Am  
Didn't even take the time to realize  
Em Am  
Starin' at the cracks in the walls  
Bm D  
Cuz I'm waiting for it all to come to an end  
Em Am  
Still I curl up right under the bed  
Bm C  
Cuz its takin' over my head all over again

REFRAO

(G Em Am C )  
Do you even know who you are?  
I guess I'm tryin' to find  
A borrowed dream or a superstar?  
I want to be a star  
Is life good to you or is it bad?  
I can't tell anymore  
Do you even know what you have?

G  
Lyin' awake watchin' the sunlight  
Em Am  
How the birds will sing as I count the rings  
around my eyes

G  
Constantly pushing the world I know aside  
Em Am  
I don't even feel the pain, I don't even want to  
try  
Em Am  
I'm lookin' for a way to become  
Bm D  
The person that I dreamt of when I was sixteen  
Em Am

Oh, nothin' is ever enough  
Bm D C  
Ooh, baby, it ain't enough for what it may seem

(G Em Am C )  
Do you even know who you are?  
I'm still tryin' to find  
A borrowed dream or a superstar?  
Everybody wants to be  
Is life good to you or is it bad?  
I can't tell anymore  
Do you even know what you have?  
No

G  
Sorry girl, tell a tale for me  
Em Am C  
Cuz I'm wondering how you really feel

G  
I'm a lonely girl, I'll tell a tale for you  
Em Am C  
Cuz I'm just tryin' to make all my dreams come true
