

Pink - Whatever You Want

Tom: G

Ok
(So)

Em7
Running like a dog
Fighting like a bitch too much
And you just can't stand it, baby
D
Even when I fall, you don't seem to give two shits

'Cause you're just too cool, baby

Em7
We could have it all
But neither one of us would budge
'Cause we can't be wrong, baby

D
Folding up your arms, closing up your heart

Em7
I know, I know, I know, you think it's me
'Cause I want it all

D
No, I know, I know, I know, I know you see

D
That we gotta talk

Em7
You know, you know, you know, we must believe or fall apart

D
I feel like our ship's going down tonight

Bm
But it's always darkest before the light

G
And that's enough for me to try

D
Whatever you want
Whatever you need
Whatever you do, ah-ah-ah
Even if I say that it's over now
Bm
Even if we want to move on somehow

G
And just like that we come alive

D
Whatever you want (ah)
Whatever you need (yeah)
Whatever you do, ah-ah-ah

Em7
Trying to get a breath
Thinkin' 'bout the time you said that I was your heart, baby

D
Trying to understand how a grown man goes on without a body part, baby

Em7
I could walk away
I could always cash my chips and I'd be ok, baby

D
I would be ok, and you might be ok

Em7
Oh, I know, I know, I know you think it's me
But ya want it all

D
I know, I know, I know, I know you see

That we gotta talk

G
No you know, you know, you must believe
You're enough for me

D
I feel like our ship's going down tonight

Bm
But it's always darkest before the light

G
And that's enough for me to try

D
Whatever you want (yeah)
Whatever you need (ah)
Whatever you do, ah-ah-ah

D
Even if I say that it's over now

Bm
Even if we want to move on somehow

G
And just like that we come alive

D
Whatever you want (yeah)
Whatever you need (ah)
Whatever you do

Em7
Whoever said that love was sweet
(Drank a little too much whiskey, baby)

D
Whoever said that life was easy
(Never lived anywhere near me)

Em7
I wouldn't change a thing

G
'Cause you're the one I wanna sink with

D
I feel like our ship's going down tonight

Bm
But it's always darkest before the light

G
And that's enough

D
Even if I say that it's over now (it's over now)

Bm
Even if we want to (if we want to move on somehow)
Move on somehow

G
And just like that we come alive

D
Whatever you want
Whatever you need
Whatever you do, ah-ah-ah

Em7
Whatever you want (yeah)
Whatever you need (ah)
Whatever you do, oh-oh-oh

D
Whatever you want (yeah)
Whatever you need (oh)
Whatever you do, ah-ah-ah

Em7
Whatever you want

D
Whatever you need

G
Whatever you do, oh-oh-oh
