

# Pink - Why Did I Ever Like You

Tom: C

Intro: 2x: C F Eb D

There was a <sup>C</sup> 5.8 <sup>F</sup> earthquake today  
 and it kinda got me thinking  
 I'd still have all  
 my hate for you intact  
 even if I lost everything

What did I say  
 Why are you shaking your head  
 You know you done me wrong  
 I may be crazy it's all in my head  
 But I want you darling gone

Why did I ever like you  
 What did I see  
 Whatever it was must  
 have been some kind of illusion  
 A Magic trick on me

( C F Eb D ) (2x)  
 Eh Eh Eh Eh

It's hard to believe  
 I ever laughed at anything you said  
 Cos you're just not funny  
 Who would believe  
 I'd let you do all those things  
 Oh I guess the joke was on me

I tried to be zane  
 I've even asked all my friends  
 To help my let it slide  
 But all I see is your face

In my favorite place  
 And I can't help but wonder why

Why did I ever like you  
 What did I see  
 Whatever it was must  
 have been some kind of illusion  
 A Magic trick on me

( C F Eb D ) (2x)  
 Eh Eh Eh Eh

( C F Eb D )  
 Yeah

I tried to be zane  
 I've even asked all my friends  
 To help my let it slide  
 But all I see is your face  
 In my favorite place  
 And I can't help but wonder why

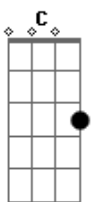

Why did I ever like you  
 What did I see  
 Whatever it was must  
 have been some kind of illusion  
 A Magic trick on me

( C F Eb D ) (2x)  
 Eh Eh Eh Eh

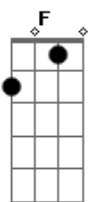

Tell me why did I

Why did I ever like you  
 What did I see  
 Whatever it was must  
 have been some kind of illusion  
 A Magic trick on me
