tom:

Gb

Intro: B7M F#7M E7M F#7M

Sei vai brilhar todo nosso amor

Deixa o sol entrar pra sentir calor

Tanto tempo faz que esse teu sorriso

Vem tirando a paz do meu paraíso

Já não posso mais, vem me socorrer

Se você me traz força pra viver

Já deu pra notar que você existe

A

Não sabe chorar, mas também é triste

Tem medo que a luz do desejo no olhar

Denuncie uma paixão

Mas sabe que o amor não consegue esperar

Invadindo o coração

Vem de uma vez

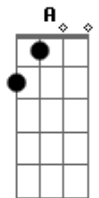

Explodir toda nossa emoção

Vem de uma vez

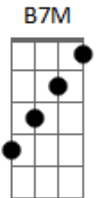

Que o destino juntou nosso chão

Nosso chão
