

# Pitú - Coral

Tom: A

m **Am7**  
 Tanto calor no peito dá **Bm7 E7** frio  
**Am7** **Bm7 E7**  
 E tudo se mistura dentro, cio  
**Am7** **Bm7 E7**  
 Sentir no corpo um sopro, um ar quente  
**Am7** **Bm7 F7 E7** **Am7**  
 E o céu será espaço pouco pra vo\_\_\_\_\_ar

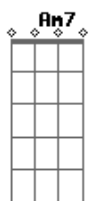

**Dm7 G7** **Em7 A7**  
 Pleno tanto quanto o mar  
**Dm7 F7 E7** **Am7**  
 Dançando à noi\_\_\_\_\_te, mais  
**Dm7 G7** **Em7 A7**  
 Como saciar a fome  
**Dm7 F7 E7** **Am7**

Bruta e vo\_\_\_\_\_raz  
**Am7** **Bm7 E7**  
 Estrada, o sol se pondo lá longe  
 Seguimos rumo aonde a paz se esconde  
 Buscamos pelo o que há de mais raro  
**Am7** **Bm7 F7 E7** **Am7**  
 A plenitude nessa vida, que é amar!  
**Dm7 G7** **Em7 A7**  
 Belo como o azul escuro  
**Dm7 F7 E7** **Am7**  
 Quando a noite cai  
**Dm7 G7** **Em7 A7**  
 Vivo como a triáde  
**Dm7 F7 E7** **Am7**  
 De cores da coral
