

Pixies - Human Crime

tom:

I'm sorry I missed you
 I was already gone
 No goodbye kiss
 No one fought me to leave home
 Into the blue sky
 Takes me far away
 Into the sunset
 Rising in another day
 Don't you be unkind
 It's a human crime
 Don't be so blind
 It'll come back to you sometime

I went by your place
 There was nobody there
 At the cocktail lounge
 Someone else was in your chair

Now even the sunshine feels like misery
 Even the blue skies are falling down on me

Don't you be unkind
 It's a human crime
 Don't be so blind
 It'll come back to you sometime

Don't you be unkind
 It's a human crime
 Don't be so blind
 It'll come back to you sometime

 Don't you be unkind
 It's a human crime
 Don't be so blind
 It'll come back to you sometime
 It'll come back to you sometime
