```
My head was feeling scared
   Cm
But my heart was feeling free
The desert turned to mud
It seems that everybody heard
  Ab
Everybody was remembering
To forget they had the chills
Then I heard the voices on a broadcast
From up on the bird
They were getting interviewed
By some Goodman whose name was Bill
I'm almost there to Vegas
            Cm
Where they're puttin' on a show
They've come so far
I've lived this long
At least
          Bb
I must just go and say hello
( Eb Cm Ab Cm Bb Eb )
