

# Placebo - Beautiful James

tom:

Intro: C Am C

[Primeira Parte]

Bring me back to life  
 Never let me go  
 Your troubles and your hard strife  
 I saw them  
 Take me by the hand  
 As we cross through battlefields  
 Nobody understands  
 'Cause there's nobody at the wheel

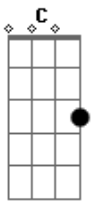

[Refrão]

Beautiful James  
 I don't wanna wake you  
 Beautiful James  
 I don't wanna wake you

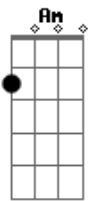

[Segunda Parte]

Everybody lies  
 One hundred times a day  
 The silence in your hard eyes  
 Is far too rare to give away
