tom:
 Gb
 I love you more than any man
 But something's getting in the way
 B
 I do you harm because I can
 For the second time today
 Gb
 Victims we are not of happenstance
 But you're a victim all the same
 B
 Stuck inside a circumstance
 With your confusion and your blame

Refrão
 B Ebm
 And when I get drunk
 Db
 You take me home
 B
 And keep me safe
 Ebm
 From harm
 Db
 When I get drunk
 B
 You take me home

Gb
 I ask you for another second chance
 But then I drink it all away
 B
 And I get bellicose when you react
 For love, frustration and dismay
 Gb
 I was so delicate when we began
 So tender when I spoke your name
 B
 But now I'm nothing but a partisan
 To my compulsion and my shame

[Refrão]

 So I keep on lying to your face
 B
 Then I run away to wonderland
 Disappear without a trace
