

Placebo - The Bitter End

tom:

B

Em
Since we're feeling so anaesthetised

Em
In our comfort zone

C
Reminds me of the second time

Em
That I followed you home

Em **C**
We're running out of alibis

Em
From the second of May

C
Reminds me of the summer time

Em
On this winter's day

[Refrão]

C **Em**
See you at the bitter end

C **Em**
See you at the bitter end

Em **C**
Every step we take that's synchronized

Em
Every broken bone

C
Reminds me of the second time

Em
That I followed you home

C
You shower me with lullabies

Em
As you're walking away

C
Reminds me that it's killing time

Em
On this fateful day

[Refrão]

C **Em**
See you at the bitter end

C **Em**
See you at the bitter end

C **Em**
See you at the bitter end

C **Em**
See you at the bitter end

Em
From the time we intercepted

Em
Feels a lot like suicide

C
Slow and sad, grown inside us

C
Arouse and see you're mine
(See you at the bitter end)

Em
Love has seen your run-around

Em
Who wanna seek you now?

C
I want a peace

C
I'd whine out
(See you at the bitter end)

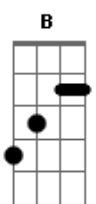

Em
Love's reached his side

Em
Grab this gentleness inside

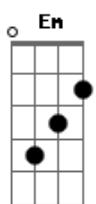

C
Heard a cry
Six feet down

C
In six weeks' time
The mess you left
