```
Tom: Eb
  Riff do baixo durante a música:
Intro: Cm Ab Bb
It was summer love,
She was like a drug,
 Bit me like a club,
Everything was alright,
I was James Dean,
She was Billie Jean,
California Queen,
Everything was alright,
From the bad beat,
To the back scene,
In the heat heat,
Everything was alright,
Pré-Refrão:
Lovers and gears of common bomb,
She'll always be my favorite song
She was silent gold,
She was Rock'n'roll
I should have never let her go go go
Refrão:
                         Ab
Kiss me goodbye and I knew it was final,
Got in her daddy's car and she was gone like vinyl,
```

```
Her memory pops up when I least expect it,
It's stuck in my head like a broken record,
                      Ab
Pa pa pa pa Broken Record,
P-p-pa pa pa Broken record,
A broke, a broke, a broken record,
                    Bb
P-p-pa pa pa Broken record,
 She was hot-fi,
She was low-fi,
 Burning up July,
Everything was alright,
Let me with a kiss,
I wonder where she is,
If that she ever miss me,
Oh oh oh,
