Tom: G

broken

Tabbed by: Kasper van Dijk  
Email:

Oh please don't go, I need you.

I'll please you, not mislead you

If you would be my only  
One.

Together we move slowly.

I'll never leave you lonely

If you would be my only

One.

believe we were meant to be,

Why'd you leave me alone?

What hapened to forever?

I'll try to make things better

If you would be my only

One.

Now six days since we've spoken. I'll fix you when you're

If you would be my only one.

If you believe we were meant to be,

Why'd you leave me alone?

If you believe we were meant to be,

Why'd you leave me alone?

If you love me too, can I call

you, my only one

If you say no, I won't let  
go, My only one.

If you believe we were meant to be,

Why'd you leave me alone?

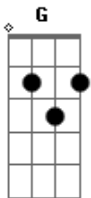

If you believe we were meant to be,

Why'd you leave me alone?
