

## P.O.D - Lost In Forever

Tom: F  
Intro:

I'm too blind to see beyond the dead of night  
But my spirit groans to see the afterlife  
I'm so broken and small  
Come here and take me away

VERSO 1:

(Passagem para o Refrão)

Am i just floating around  
In this moment of time and space?  
It makes me wonder  
A state of mind cause i'm just fading away  
And my head is lost up in the satellites  
I'm so far and gone to ever get it right  
Through unseeing eyes, daydreaming again

(Passagem para o Refrão)

REFRÃO:

Eternity is seemingly an endless waiting  
Lost in forever  
Eternally, a limitless time  
It's never ending  
I'm lost in forever

REFRÃO:

VERSO 3:

Eternity is seemingly an endless waiting  
Lost in forever  
Eternally, a limitless time  
It's never ending  
I'm lost in forever

We live and we die. Given to faith and fear  
When my time is over, where do i go from here?

REFRÃO:

VERSO 2:

Am i just hanging around  
All alone in my mindless haze?  
It takes me under  
The infinite confined ready to blow you away

Eternity is seemingly an endless waiting  
Lost in forever  
Eternally, a limitless time  
It's never ending  
I'm lost in forever
