# The Pogues - Love You Till The End
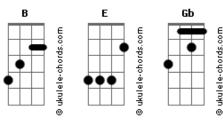

Tom: B
Intro: 2x: B   E   B   E

B
I just want to see you
E
When you're all alone
B                              E
I just want to catch you, if I can
Gb
I just want to be there
             E                 B
When the morning light explodes
Gb
On your face it radiates
       E
I cant escape
                        B
I love you till the end

(Intro 2x)

B
I just want to tell you nothing
E
You dont want to hear
B                      E
All I want is for you to say
Gb
Why dont you just take me
            E              B
Where I've never been before
   Gb
I know you want to hear me
                   E
Catch my breath

                              B       E
I love you till the end
                              B       E
I love you till the end

Solo:

                        B       E
I love you till the end
                        B       E
I love you till the end

B
I just want to be there
E
When were caught in the rain
B                              E
I just want to see you laugh not cry
Gb
I just want to feel you
              E              B
When the night puts on its cloak
Gb
I'm lost for words dont tell me
        E
'Cause all I can say
                    B       E
I love you till the end
                    B       E
I love you till the end
                    B       E
I love you till the end

## Acordes
