

Poison - Life Goes On

tom:
A

You spilled out your heart
So I let out my fears
But one fear I kept to myself
How I prayed that you love no one else
Like you said you love me

[Refrão]

I felt this before now I feel it again
No matter how hard I try this feeling won't end
So I pretend you're here by my side tonight, on this lonelyride

I keep telling myself that

[Refrão]

Life goes on while you're miles away
And I need you
Time rolls on as nights steals the day
There's nothing I can do

You healed up my wounds
I tasted your tears

If you only knew how much I miss you

[Solo]

When my mind plays its tricks on me
It shows me things I don't wanna see
So I tell myself and
I keep telling myself self now
Just take another piece of me?

[Refrão]

Love goes on you're still miles away
And I need you
And this last mile I travel with you
