

Portugal The Man - So Young

Tom: G

Em
So young, just begun
D
Don't need to live to know
A
What I've become
Em
When ya wake up

Still in your make-up
D
You'll make it home just
A
Fine without breaking down
Man that's so young
That's so young

Em
Stay calm, we'll all just get along
D A
Sit around, pretending like nothing's wrong
Em
So long, love letter
D A
But you and I are gonna live forever

C Bm
I don't need to make amends
Em
But I'm done going undercover
G
I just want to find a friend
Bm C
I don't need another lover
Bm
One day the world may end
Em
But there's still plenty to discover
G
Till then I'll just pretend
Bm Em
I don't need another lover

Em
So young, loaded gun
D A
Oblivious to what the trigger does
Em
Will ya wake up

Never gonna make up
D A
Got ammunition on a mission
Em
We're gonna shoot you down
Man that's so young
That's so young

Em
Knocked out with the Midas touch
D A
A champion wearing golden gloves
Em
Got you punch drunk, seeing stars
D A
Little birdies singing "why'd ya fall so hard?"
