

# Post Malone - Myself

tom:

Intro: C C Am G  
F G C

(I wish I could've been there myself)

It's what it is, is how I live

All the places I've been  
I wish I could've been there myself

I miss so much, spent so much

And I can't get enough  
I wish I could've been there myself  
(Wish I could've been there myself)

Your second cousin lives in Orlando (Orlando)  
And yeah I just finished a show (just finished a show)  
People shoving shots down their damn throat  
Some selling yes but I'm gonna say no (gonna say no)

It's what it is, it's how I live  
All the places I've been (I've been)  
I wish I could've been there myself  
(Wish I could've been there myself)

I made so much, spent so much  
And I can't get enough (I can't get enough)  
I wish I could've been there myself

All of this American dreaming  
Everybody's sick of believing  
Oh, let's not give a fuck til  
Giving a fuck has no meaning  
Oh, I'm sick of believing  
All of this American dreaming  
Oh, let's not give a fuck til  
Giving a fuck has no meaning

It's what it is, is how I live  
All the places I've been  
I wish I could've been there myself  
(Wish I could've been there myself)  
I miss so much, spent so much  
And I can't get enough  
(No, I can't get enough)  
I wish I could've been there myself  
(Wish I could've been there myself)  
No, I can't get enough
