

# Prince - Be my Mirror

Tom: F

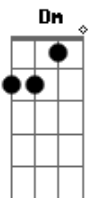

tom : F  
 Be my mirror, be like me  
 Easier than ABC  
 Everything I hope 2 be  
 U can be that and more U see  
 If my hand goes 2 the left, yours goes 2 the right  
 What U see is what U get, just keep me in your sight  
 U see how much U're just like me when we play this game  
 If U play correct my dear, we will be the same  
 Be my mirror, be like me  
 Easier than ABC

Everything I hope 2 be  
 U can be that and more U see  
 Ever since good fortune brought U into this world  
 I knew that U were a special, a special little girl  
 When the rest of us get stuck  
 because of things we do not know  
 My special little girl is already , look hundred paces down  
 the road  
 Be my mirror, be like me Easier than ABC  
 Everything I hope 2 be I can be that and more U see  
 I can be that  
 and more U see
