Figure 1.

Repeat 2x

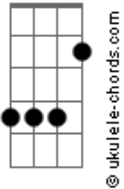

on the album and even more so on live shows.

Figure 2.

After Figure 1 is completed, go to figure 2 and that's basically how the

Acordes

E

song is played. I did forget to put the amazing solo but I'm working on it at this right moment.

Who has the Computer Blue tab and/or When You Were Mine? I have the Act 1 version of When You Were Mine with the heavier feel to it. It's pretty cool.

The next installment of Jay Bhadra Tablature will be one of the following 319, When You Were Mine (Act 1 Version), Sherm Stick Edit (Letitgo), Billy Jack Bitch Solo or The Cross. So stay tuned until the next time.

Anyone working on SHY yet?
