palm mute

(verse 1) (arpeggiate chords throughout first section)

A (x0222x) Ebdim (xx1212)  
You better listen anybody  
A Gbm (2442xx)  
'Cause I'm gonna make it clear  
A Ebdim  
That my life is unimportant  
A Gbm  
What I've done I did through fear  
A Ebdim  
There's a river running thru me  
A Gbm  
Only tide I tried to hide  
A Ebdim  
None the less I could not shake it  
A Gbm  
And in the end it swept aside

B  
All my feeble unimportance  
D7  
I can't say "never mind"  
A B Gbm  
Can't you hear me mother calling you?  
A B Gbm  
I'm cold, I'm deaf, I'm blind

A B Gbm  
And it's only 'cause you're lucky  
A B Gbm  
People know that's no fine  
D Ebdim A Gbm  
I didn't think I'd be an actor  
D B Gbm (N.C.)  
What I am I'll leave behind

(repeat intro)

(verse 2)  
You better listen anybody  
Cause it's me and you that's it  
And in case you find your maker  
Perhaps you'll plea for us a bit  
All my sick is in my stomach  
All my sweat is clearly fear  
And if you could see inside me  
I don't think you'd have me here

Tell the helmsman veer to starboard  
Bring this ship around to port  
And if the sea was not so salty  
I could sink instead of walk  
And in case a passing stranger  
Who was standing where I fell  
Tell the truth you never knew me  
And in truth it's just as well

(coda)  
(repeat first bar of intro)

(guitar solo) A B Gbm  
(repeat to fade)
