

Pulp - You're a Nightmare

Tom: C

F Dm G C
All day / I'm doing fine / 'cos there are things / to pass the time

F Dm G C
Smoke a cig / and drink some tea / watch a programme / on TV

F Dm G C
I just don't care where you are now / 'cos I'm sorted out, and how

F Dm G C
I've got it all set up you see / But when I close my eyes it happens to me

F
You're a nightmare /

Dm
and you've made it all wrong

G
You're a nightmare to me

C
Oh hoh /

F
You're a nightmare

Dm
oh and I just can't see

G
why you should keep on

C
happening to me oh yeah / aah /

Well it stopped some time in May / whilst you were still away

Was I in bed or on a bus / doing something pathetically ridiculous?

I never noticed it at first / But when you came back it got worse

It's the idea of you, you see / when I close my eyes it happens to me

Oh you're a nightmare / and you've got it all wrong

You're a nightmare to me / Oh hoh / You're a nightmare

and I just can't see / why you should keep on / happening to me

You're a nightmare / and you've got it all wrong

You're a nightmare to me / Oh hoh / You're a nightmare

and I just can't see / why you should keep on

happening / happening to me / Oh oh oh

And there were hotel bedroom birthdays / sleep in factory hallway

I remember always Yeah there were hotel bedroom birthdays and sleep in factory hallway / I remember always

Why do you keep on / hanging round

Can't you see it gets me down?

Because when I look at you I see / somebody I just don't want to be

Oh woh you're a nightmare / and you got it all wrong

You're a nightmare to me / Oh hoh / You're a nightmare

and you just can't see / why you should keep on / happening to me

You're a nightmare / and you've got it all wrong

Yeah you're a nightmare to me / Oh hoh / You're a nightmare

and I just can't see / oh why why you should keep on /

happening to me

You're a nightmare / and you've got it all wrong

Oh you're a nightmare to me / Oh hoh / You're a nightmare

oh and I just can't see / why you're / why you're

you're always hanging around / you're always hanging round

You're always hanging around / You're always hanging round

You're always hanging round / You're always hanging round

you're always hanging round / You're always hanging round.
