[Primeira Parte]

I was on the outside
 I was looking in
 Like a deer in the headlights
 Stuck in slow motion
 Like I was on the turnpike
 No ability to steer
 Can't shake the feeling
 I'm starting to disappear

[Refrão]

I'm weighed down in this city
 It's hard to live here
 And I've been feeling restless
 There's this battle raging in me
 Don't want to love you anymore
 But I can't help it

(C F Am)
 (F C E)

[Segunda Parte]

I was on the outside
 Like we were at the cinema
 Your face was hidden
 Behind the camera
 I think I love you
 More than I'd admit
 And I was not prepared
 To be seeing you like this

Acordes

[Refrão]

I'm weighed down in this city
 It's hard to live here

 There's this battle raging in me
 Don't want to love you anymore
 But I can't help it

(Dm F Am F)
 (C F Am E)

[Ponte]

And between you and me
 This city's slowly poisoning me
 And as I rip deeper into its scales
 It rots beneath my fingernails
 And when I try to claw out of the pit
 All I do is get sucked back in
 Don't want to love you anymore
 But I just can't help it

(Am Dm)

 It's hard to live here
