

# PVRIS - Mirrors

Tom: G

Intro: G Em Bm (2x)

G Em  
White lights are too bright.

I just wanna see a trace or an outline.

G Em Bm  
Say your name into a mirror three times, said it three times,  
said it three times.

Em Bm  
But when you float above my body,

G  
I can see, I can see clearly  
Em D Bm  
Straight through the ceiling, ceiling.

G Em  
Darling, don't be so shy,

Bm  
I'll see you at midnight

G Em  
And when I close my eyes.

Bm  
I said it three times, I said it three times,

G Em  
You make my world spin,

Bm  
Placebo feelings.

G Em  
And in the morning

Bm  
I'll wait to see you again.

G Em Bm (2x)

G Bm  
Your dead eyes before mine.

Em  
The way they're missing their whites,

Bm  
Yeah, they're just right.

I know you're dead inside  
And that's what I like, yeah, I like.

G Em Bm  
But when you float above my body,

Em  
Standing up right above me,

Bm  
I don't feel so lonely, lonely.

G Em

Darling, don't be so shy,

Bm  
I'll see you at midnight

G Em  
And when I close my eyes.

Bm  
I said it three times, I said it three times,

G Em  
You make my world spin,

Bm  
Placebo feelings.

G Em  
And in the morning

Bm  
I'll wait to see you again.

G Em Bm (2x)

G Em Bm  
And in the morning I hope I see you by my side,  
In the sunlight,

D  
With my own eyes.

G Em  
And I go searching through reflections for your outline.

Bm  
But it's just mine.

D  
But it's just mine.

G  
I know you're dead inside,

Bm  
But you make me feel alive.

G Em G  
I'll wait to see you again.

G Em  
Darling, don't be so shy,

Bm  
I'll see you at midnight

G Em

I said it three times, I said it three times,
