

# quannnic - Life Imitates Life

tom:  
Fm (forma dos acordes no tom de Em )  
Capostrate na 1ª casa

If you walked in my skin  
You'll feel the jail  
Embed, it feels  
Like eternal ache  
Stuff me in  
It's beautiful  
Let me out  
Just like he did

The doll I thought I lost  
I left it at the dance  
When we drove, we crashed

## Acordes

It flew right out my hands  
Us two, we act as one  
I wish we never did  
It's all his fucking fault  
He thought that I was him  
If you walked in my skin  
You'll feel the jail  
Embed, it feels  
Like eternal ache  
Stuff me in  
It's beautiful  
Let me out  
Just like he did
