

Queen - Leaving Home Ain't Easy

Tom: D
Intro: Guitarra elétrica:

Verso 1:

I take a step outside and I breathe the air And I slam the door
and I'm on my way
I won't lay no blame I won't call you names 'Cause I've made my break
And I won't look back I've turned my back to those endless games.

I'm all through with ties and I'm all tired of tears I'm a happy man
Don't it look that way
Shaking dust from my shoes There's a road ahead
And there's no way back... No way back home... But I have to

say...

Refrão:

Leavin' home ain't easy (Oh I never thought it would be easy)
Leavin' all your own (Oh there's a million things calling me back)
Leavin' home ain't ea sy (On the one you're leaving home)

Stay my love my love please stay
Stay my love what's wrong my love?
What's right my love?
