

# Queen - Nevermore

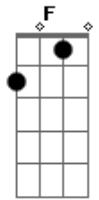

Tom: F  
Intro: F

There's no living in my life anymore.  
The seas have gone dry and the rain stopped falling.  
Please don't you cry anymore  
Can't you see  
Listen to the breeze, whisper to me please  
Don't send me to the path of nevermo - o - ore.  
Even the valleys below, where the rays of the sun were so warm

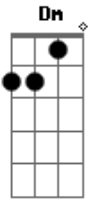

and tender  
Now haven't anything to grow  
Can't you see  
Why did you have to leave me,  
Why did you deceive me  
You send me to the path of nevermore  
When you say you didn't love me anymo - o - ore  
(Ah - Ah)  
Nevermore,  
Nevermore.
