

Queen - Nevermore

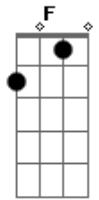

Tom: F
Intro: F

There's no living in my life anymore.
The seas have gone dry and the rain stopped falling.
Please don't you cry anymore
Can't you see
Listen to the breeze, whisper to me please
Don't send me to the path of nevermo - o - ore.
Even the valleys below, where the rays of the sun were so warm

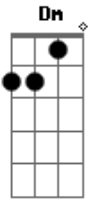

and tender
Now haven't anything to grow
Can't you see
Why did you have to leave me,
Why did you deceive me
You send me to the path of nevermore
When you say you didn't love me anymo - o - ore
(Ah - Ah)
Nevermore,
Nevermore.
