

# Queen - Radio Ga Ga

Tom: F

Intr.: F Gm Bb Gm Bb F

I sit alone and watch your light  
 My only friend through teenage nights  
 And everything I had to know  
 I heard it on my radio  
 You gave them all, those old time stars  
 Through wars of worlds invaded by Mars  
 You made them laugh, you made them cry  
 You made us feel that we could fly (radio)  
 So don't become some background noise  
 A backdrop for those girls and boys  
 Who just don't know or just don't care  
 And just complain when you're not there

We watch the shows and watch the stars  
 On videos for hours and hours  
 We hardly need to use our ears  
 How music's changed through the years  
 Let's hope you never leave my old friend  
 Like all the things, on you we depend  
 So stick around 'cause we might miss you  
 When we grow tired of all this visual
