

# Queen - We Will Rock You Live

My first tabb  
 This is how me and my bass-teacher plays We will rock  
 you(live), its very simple

If you play with the drums before and after the vocals (during  
 guitar solo)  
 It sounds great

Follow the drums, play 0 0 on the bassdrum/ floor tom/ stomps  
 i use some slides on the octaves some times (experiment)  
 and so on..
