

# Queen - You And I

Tom: D

Intro: D G

Music is playing in the darkness

And a lantern goes swinging by

Shadows flickering my heart's jittering

Just you and I

Not tonight come tomorrow

When everything's sunny and bright  
(Sunny and bright)

No no no come tomorrow 'cause then

We'll be waiting in the moonlight

We'll go walking in the moonlight

Walking in the moonlight

Laughter ringing in the darkness

People drinking for days gone by

Time don't mean a thing

When you're by my side

Please stay awhile

You know I never could foresee the future years

You know I never could see

Where life was leading me

But will we be together forever?

What will be my love?

Can't you see that I just don't know

No not tonight not tomorrow

Everything's gonna be alright (sunny and bright)

Wait and see if tomorrow we'll be

As happy as we're feeling tonight

We'll go walking in the moonlight (we'll be happy)

Walking in the moonlight

I can hear the music in the darkness

Floating softly to where we lie

No more questions now

Let's enjoy tonight

(Just you and I) just you and I

Just you and I

## Acordes
