

# Queens Of The Stone Age - Im Designer (acoustic)

Tom: **A**  
Intro: /verse

**B C Eb B C Eb**  
my generation's for sale, beats a steady job  
and so on

the second part uses these chords. Hit the E, D and B twice each and then theres a little

back and forth from **A** to **B** twice.

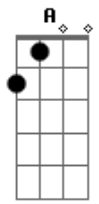

**F Eb B** slide **A** to **B** x2  
The thing that's real to us is fortune and fame

**F Eb B** slide **A** to **B**  
all the rest seems like work

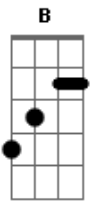

and the third part's just full on strumming using regular chords not power chords(except B x244xx). This might not be right but it sounds close.

**B G A E**  
It's truely a lie, I'm counterfiet myself
