

Queens Of The Stone Age - Smooth Sailing

Tom: **D**

Intro:

Verse #1:

It's all in motion
No stoppin' now
I've got nothin' to lose
And only one way up

I'm burning bridges
I destroy the mirage
Oh, visions of collisions
Fuckin' bon voyage

Chorus #1:

It's all smooth sailing
From here on out

Verse #2:

I got bruises and hickies
Stitches and scars
Got my own theme music
It plays wherever I are

Fear is the hand
That pulls your strings
A useless toy
Pitiful play thing

I'm inflagranti
In every way

Chorus #2:

It's all smooth sailing
From here on out

I'm gon' do the damage
That needs gettin' done

Bridge:

God only knows
Where love vacations
If reason is priceless
There's no reason to pay for it

It's so easy to see
And so hard to find
Make a mountain of a mole hill
If the mole hill is mine

Verse #3:

I hypnotize you
And no one can find you
I blow my load
Over the status quo
Here we go

I'm a little bit nonchalant
But I dance
I'm risking it always
No second chance

Chorus #3:

It's all smooth sailing
From here on out

I'm gon' do the damage
That needs gettin' done

Bridge:

God only knows
So mind your behavior
Follow prescriptions
Of your lord and savior

Every temple is gold
Every hook is designed
Hell is but the temple
Of the closed mind

Bridge #2:

Closed mind
Closed mind
Closed mind

Final Chorus:

It's all smooth sailing
From here on out

Shut up

Pow!
