

Queens of the Universe - Damn That Man

tom:

G

What part of leave does he not understand?
 He had it's chance
 Damn that man

Boy, this pussy ain't no well
 You'll be thirsty down in hell
 After all your cheating and disgrace
 I just wanna 'namaslap' your face

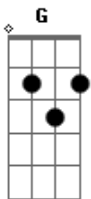

I don't wish bad things upon anyone
 Okay, maybe one for what he's done

Gave him my heart like it's all that I had
 It wasn't working when he gave it back
 What part of leave does he not understand?
 He had it's chance
 Damn that man

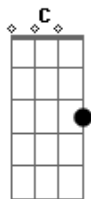

I wasn't playing being this bad bitch at first
 But bro, look what you did, just got me crazy
 And we don't trust
 Now you're gonna cry, oh my God
 Are you're really gonna cry?

It's too much for my sass

I wrote this verse to make sure
 You won't never touch this ass

I don't wish bad things upon anyone
 Okay, maybe one for what he's done

Gave him my heart like it's all that I had
 It wasn't working when he gave it back
 What part of leave does he not understand?
 He had it's chance
 Damn that man

I don't wish bad things upon anyone
 Okay, maybe one for what he's done

Gave him my heart like it's all that I had (Ohh)
 It wasn't working when he gave it back (gave it back)
 What part of leave does he not understand?
 He had it's chance
 Damn that man (Damn that damn)

He said that I should forgive and forget
 That wouldn't change all the hurt that he did
 What part of leave does he not comprehend?
 He had it's chance
 Damn that man
